

## Product- Rice Flakes

Sl.	Type of machine	Specification	No. of Unit	Unit Cost	Total Amount
1	Paddy Soaking tank	Metallic Body CI, Capacity- 2000 kg	1	1	1
2	Paddy pre-cleaner and grader	Metallic Body with rust proof frame, Motor- 100 S frame with 100% copper winding, upto 2 hp, single phase; Machine capacity- 250 kg/hour	1	2.25	2.25
3	Paddy Roaster	Metallic Body with rust proof frame; Fuel- Suitable for fuelwood & LPG; Motor- B48/100S, Frame with 100% copper winding, upto 1 hp, single phase	1	1.5	1.5
4	Mini Rice Mill with huller, Polisher, elevator chains with buckets , all connecting accessories from paddy to polished rice	<b>Huller:</b> Metallic body with MS/SS food grade, Machine Capacity- min. 250 kg/hour; Motor- upto 7.5 hp, 3 phase <b>Polisher:</b> Metallic body with MS/SS food grade, Motor- upto 7.5 hp , 3 phase; Capacity - min. 250 kg/hr; Size- 18 inch	1	8.5	8.5
5	Flattened Rice making machine	Motor- 100S Frame with 100% copper winding, up-to 3 HP, Single phase. Capacity- 100 kg/hr. Driver: Motor & Pulley Roll material: MS & SS Food grade. Type: Semi-Automatic	1	4	4
6	Flattened rice/ Black Rice packing machine	Automation Grade: Automatic. Material: MS & SS Food grade. Motor- 100S Frame with 100% copper winding, up-to 2 HP, Single phase. Capacity: Minimum 300 pouch/ hr. Pouch Capacity: 500 gm	1	5	5
7	Elevator Chain cum Stainless Steel Buckets for rice flakes packing	Minimum 5 buckets Elevation- 15 ft Stainless steel Required prime mover with Motor	1	1.5	1.5
8	Shrink Wrapping machine	Automation Grade: Semi-automatic Power: 2 HP, Single phase Seal Dimension: 300 X 400 mm Pack Dimension: 250X400X150 mm	1	0.75	0.75

9	Pouch coding/stamping machine	Min speed- 70 pc/min Printing area- Five-line max with 12 words per line max.	1	0.5	0.5
10	Gunny bag filling machine	No. of Stitches/ inch: Min. 3.5 stitches/inch Thickness: Max. stitching material thickness-10 mm Power: 5 KW Capacity: 30 Bags/hour Automation Grade: Semi-Automatic	1	3.8	3.8
